SUBJECT - Grant of sites free of cost in the Wilson Garden Extension for the benefit of the Association for Moral and Social Hygiene in Mysore

---

I have the honour to state that Dr (Mrs) L. Rathnamma Isac, Hon Secretary, Association for Moral and Social Hygiene in Mysore, approached the Trust Board on 30th September last with a request for free grant of about 2 acres of land comprising sites Nos 410 to 425 in the Wilson Garden Extension for conducting the Abhaya Ashram "Rescue and Training Home" for the benefit of the destitute and helpless women.

2 This was placed before the Board at its meeting held on 1st November 1946 and as the sites asked for by the Hon Secretary were close to the sites where the Bangalore Transport Co , and others proposed to erect their workshops etc , it was considered by the Board that the area asked for by the Hon Secretary was very unsafe for such an Association and therefore, the selection of some other suitable place for locating the Ashram, was proposed

3 The Engineer Officer of the Trust Board who was requested to select some other area for grant to this Association, proposed sites Nos 394 to 409 between the 4th Cross Road and 5th Cross Road in block 'C' in the Wilson Garden Extension.

4 These proposals were again placed before the Board at its meeting held on 19-12-46 when the members desired to inspect the spot before giving their opinion as to the suitability or otherwise of the sites proposed for the Abhaya Ashram

Accordingly, the spot inspection was arranged and after inspecting the site on 11-1-47, the Board resolved at its • meeting held on 17-1-47

> "That the area comprising sites Nos 394 to 409 (16 sites each measuring 50' x 80') proposed by the Engineer Officer in the Wilson Garden Extension be granted to the Abhaya Ashram free of cost and that a recommendation be sent to Government accordingly "

5 I request that in these circumstances, sanction of Government may kindly be obtained to the resolution of the Board Necessary Conditions would in the case of such grants will also be stipulated upon each

6 A copy of the letter dated 30-9-46 from the Hon Secretary of the Association together with that of a layout plan of the Wilson Garden Extension is enclosed for favour of reference and return

Letter dated 30-9-46 from the Hon Secretary, Association for Moral & Social Hygiene in Mysore, Bangalore, to the Chairman, C I T Board, Bangalore.

It is within your knowledge that the Association for Moral and Social Hygiene in Mysore has been conducting the Abhaya Ashram a "Rescue and Training Home", for the last over 11 years in Bangalore This is recognised by our Government for purposes of the Suppression of Brothels and Immoral Traffic Act of 1936. It is housed in a ricketty old rented building The present habitation is the third shift we have had In view of the difficulties in securing a suitable building to meet all our requirements, our Committee feel that we must construct a habitation of our own, if a convenient large site could be secured For this purpose, we approached Mr K Subba Rao, your Predecessor in office on the 13th of July last He kindly offered to grant us about 2 acres of land comprising sites Nos 410 to 425 with the intervening road, in the Wilson Garden Extension and he suggested our formally applying for the same

Our Committee having approved of the offer, we now request you to be so good as to allot to us the above area, needless to state it will be free of cost

Thanking you,

Sir,

GOVERNMENT OF MYSORE

Subject - Grant of land to the Association for Moral & Social Hygiene in Mysore, Bangalore, in Wilson Garden Extension

With reference to your D O letter No L 15576 - dated 5th May 1947, on the above subject, I have the honour to state as follows -

1 The number of sites that are proposed to be - allotted to this institution is 16, each measuring 50' x 80' measuring in all an extent of 7,111-1/9 Sq Yards At - Rs 3/- a Sq Yard, the cost comes to Rs 21,333-5-4 This is the maximum rate levied by the Government and the Trust Board in the locality so far

2 Started in 1929, the Association is engaged - in promoting the moral and social welfare of the citizens of the State for over a period of 15 years It organises lectures and sex education classes in schools and colleges and has been trying through their service to create public opinion against all forms of vice In connection with - their work of eradicating prostitution and kindred evils, it has established a Rescue Home - the Abhaya Ashram for the last 15 years, in order to rescue young girls and - women from immoral surroundings and through proper training in useful handicrafts and household and other activities, it tries to rehabilitate those unfortunate women in Society From the report, over 300 girls have been thus rescued and trained and sent out as useful citizens, as - house-maids, teachers and nurses

P.T.O

The Association has been carrying on this work all along in rented buildings which were not quite suitable for the work of the Ashram The Association is feeling more and more the need of a permanent home of their own with proper facilities and adequate space for their weaving and other activities and sufficient room for gardening by the girls

This work of rescuing and giving shelter to the girls has been undertaken in accordance with the Suppression of Immoral Traffic Act of the Government of Mysore and the Government have recognised this Abhaya Ashram and the Rescue Home as the home organised for the purpose of the Act and is giving grants to carry on the work The Municipality and the District Board and Red Cross Association are also giving grants towards this work

The Government have been approached to provide the Association with a proper site where they can put up their permanent home and where proper facilities could be provided for their training in weaving and other handicrafts and where the inmates could also be engaged in maintaining a garden by the girls

During the annual meetings of the Association at which the Dewan who is the President of the Association or the Minister for Health usually preside they appealed to the public for their generous support towards the establishment of a permanent Rescue Home and the public are very sympathetic The Management of the Ashram is in the hands of a very influential Committee who are deeply interested in the work of the Association

As to the resources of the Association, I wish to state that it is a very important Association working for the implementing of the Provisions of the Suppression of Immoral Traffic Act in Mysore It is in expectation of large donations from philonthrophists and the public

public and grants from Government. Provided a large site is given to them free under proper conditions, there does not seem to be any doubt as to their ability to put up a building to suit their charitable purposes, according to the plans and designs to be submitted by them for approval by the Trust Board and liable to resumption if the land is not used for the purpose for which it is granted

Two reports on the working of the Association for the periods from January 1944 to June 1945 and July 1945 to December 1946 are enclosed herewith for favour of reference ~~and return~~ on

I have the honour to be,
Sir,
